Windows 7

END OF LIFE...

NealABC is reminding businesses utilizing Windows 7, that the end of life for this product will be approaching soon.

“Being prepared for Windows 7 End of Life is very important as this means there are no more bug fixes, security patches or new functionality, making business or individual user more susceptible to attacks” said Andy Neal, CEO

[FAMILY OWNED BUSINESSES](#)

One of the most vital engine components in the US business economy is the family operated business - FOB.

FOB's represent 19% of all US businesses. They produce 78% of all new jobs and 60% of the total workforce.

Yet there are troubling undercurrents to the American success story. Only 30% of FOBs get successfully transitioned to the second generation and only 13% make it to the third generation.
